Promotion examination open to all qualified employees of the New York State Canal Corporation.

Minimum Qualifications: On or before March 1, 2025, you must be a qualified employee of the New York State Canal Corporation and have had three months of permanent competitive, non-competitive NY HELPS*, or 55-b/55-c service as an Assistant Canal Equipment Specialist, Canal Electrical Supervisor, Canal Maintenance Shop Supervisor 2, Canal Maintenance Supervisor 2, or Floating Plant Supervisor. If you have received a permanent appointment to a qualifying title listed and served provisionally** in that title immediately preceding your permanent appointment, such provisional service may be counted towards meeting the time in title required for this examination.

Only the title or titles listed are qualifying.

If you were permanently appointed to a qualifying title on or before December 1, 2024, and have served continuously in this title since that date, you are eligible to file for this examination.

**If you were permanently appointed via the New York Hiring for Emergency Limited Placement Statewide (NY HELPS) program to a qualifying title in the non-competitive class on or before December 1, 2024, and have served continuously in this title since that date, you may apply for this examination.*

***If you were permanently appointed to a qualifying title and had provisional service in the same title immediately preceding the permanent appointment, such provisional service may be counted towards meeting the time in title required to apply for this examination. Your provisional appointment must have been on or before December 1, 2024, to qualify for this examination.*

Qualifying Experience For Appointment From The Eligible List: After one year of service described in the Minimum Qualifications, successful candidates will be qualified for appointment from the eligible list.

Employees appointed to a non-competitive position via the NY HELPS program to a qualifying title in the non-competitive class will have their names restricted from appointment from the eligible list until their position is covered-in to the competitive class by action of the New York State Civil Service Commission or otherwise obtain permanent competitive status in the position.

If you have received a permanent appointment to a qualifying title listed and served provisionally in that title immediately preceding your permanent appointment, such provisional service may be counted towards meeting the time in title required for appointment from the eligible list.

Continued Employment: To keep this position, you must possess a valid license to operate a motor vehicle in New York State at the time of appointment and continuously thereafter.

Duties: As a **Canal Section Superintendent**, you would direct the work of canal employees in the operation and maintenance of a canal section and instruct them in the methods of performing varied maintenance work. You would perform supervisory activities that include monitoring staff performance, completing performance evaluations, counseling employees and conducting investigations, as necessary, and determining staff assignments. You would investigate accidents, complaints, requests for permits, and violations of canal regulations; participate in the development and supervise the implementation of construction and maintenance programs; approve payrolls, purchase orders, and vouchers; and have overall responsibility for preparing/monitoring the Section budget.

Subject of Examination: To be considered for appointment to this title, you must pass the **multiple-choice test**. The **multiple-choice test** evaluates your knowledge, skills, and/or abilities in the following areas:

1. **Construction, operation, maintenance, testing and repair of canal mechanical, hydraulic and electrical equipment** - These questions test for knowledge of the characteristics and operating procedures of the canal locks, lift bridges, and other structures on the New York State Canal System and the mechanical, electrical, and hydraulic principles involved in the testing, maintenance, and repair of the equipment used on these structures.
2. **General construction, inspection, repair & maintenance of floating plants, banks, movable bridges, locks, dams, piles & other canal structures** - These questions test for knowledge of the proper construction, inspection, maintenance and repair procedures to use on the canal infrastructure, including pile driving, concrete mixing and placement, lock-wall, valve and gate maintenance, embankment and dam repair, and floating plant operation.
3. **Channel excavation and bank protection including usage of equipment** - These questions test for knowledge of the proper procedures and typical equipment used in constructing and maintaining embankments and similar canal channel and bank protective structures.

Subject of Examination (continued):

4. **Work planning and scheduling** - These questions test for knowledge of the principles used in developing and implementing work plans and for the ability to arrange work assignments in a manner that will achieve work goals while staying within scheduling criteria. This may include setting up vacation or work schedules, taking into consideration such factors as seniority, work skills, duty hours and shift coverage.
5. **Administrative supervision** - These questions test for knowledge of the principles and practices involved in directing the activities of a large subordinate staff, including subordinate supervisors. Questions relate to the personal interactions between an upper level supervisor and their subordinate supervisors in the accomplishment of objectives. These questions cover such areas as assigning work to and coordinating the activities of several units, establishing and guiding staff development programs, evaluating the performance of subordinate supervisors, and maintaining relationships with other organizational sections.
6. **Preparing written material** - These questions test for the ability to present information clearly and accurately, and to organize paragraphs logically and comprehensibly. For some questions, you will be given information in two or three sentences followed by four restatements of the information. You must then choose the best version. For other questions, you will be given paragraphs with their sentences out of order. You must then choose, from four suggestions, the best order for the sentences.

If you pass, your seniority credit(s), if any, will be included in the computation of your final score. Your final score on the eligible list will be determined after adding any Veterans' credits.

Credit For Seniority: Seniority is credited at the rate of one credit for each five-year period (or fraction thereof), excluding the first year of service.

Admission To The Test: If approved for a multiple-choice test, you will receive an admission notice which will indicate your assigned test date and the way your test will be administered. Your test may be administered with paper and pencil or online at a state test site using a state-provided Chromebook. **You cannot request to change your scheduled day or request a specific type of test administration.**

Applicants are required to have a Personal NY.gov account and keep their email address up to date. The Department of Civil Service and other state agencies will communicate with you through email correspondence.
